36. DELTA BUGARIMA

Pobjedom bugarske posade Donchev/Yordanov završio je 36. Croatia Delta Rally.

Uzbudljiva, trodnevna borba do samog je kraja bila neizvjesna. Četiri posade u Peugeotima 207 S2000 svojim su atraktivnim vožnjama gledateljima pokazali pravu čar autosporta.

Na kraju su Poljaci, koji su u nekoliko brzina bili vodeći, sa svega 4.5 sekunde zaostatka završili drugi.

Treća je talijanska posada Betti/Bernacchini, dok njihovi sunarodnjaci Fontana i Cassina nisu uspjeli obraniti naslov, završili su četvrti. Posljednji krug po Medvednici za njih je bio presudan, loš odabir guma, za vremenske uvjete koji su ih dočekali, koštao ih je postolja.

Hrvatska najbolje plasirana posada Saša Stanišić i Saša Bitterman u Mitshubishi Lanceru EVO IX završili su 13.

36TH DELTA GOES TO BULGARIAN CREW

The 36th Croatia Delta Rally winner is Bulgarian crew Donchev/Yordanov.

Exciting, three days long fight was uncertain till the end. Four crews in Peugeot 207 S2000 had shown to the spectators the real beauty of the rally sport. At the end the Polish crew, who were leading in few special stages, had only 4.5 sec. delay and finish second in result order. Third is Italian crew Betti/Bernacchini, and the other Italian crew Fontana / Cassina couldn't defend title and they finish at fourth place. Last cycle around Medvednica for them was crucial.

The best Croatian crew Saša Stanišić and Saša Bitterman in Mitshubishi Lancer EVO IX finished at 13th place.
